AGENTS CLEARED UP
\$10,000 A YEAR**

DISTRICT COURT UNDER WAY AT ESTANCIA

**Change of Venue Will Be
Sought in Two Murder
Cases Set for Trial at This
Term; Grand Jury at Work.**

Santa Fe, N. M., Nov. 16.—Declaring that Frank Clapp and H. E. Herbert have operated in ten to fifteen states, Arthur Garfield Ackert, manager of agents of the Pictorial Review, of New York, who arrived here last night, declared this morning that his company and the 36 periodicals represented in the Periodical Publishers' Association of America will do all in their power to put an end to the taking of subscriptions by Messrs. Clapp and Herbert.

I have brought with me scores of letters from subscribers in many states west of the Mississippi complaining of the operations of Frank Clapp, Ernest Clapp, H. E. Herbert and others," he said. "I do not know how many people have been victimized; in numerous cases the loser of \$10 or \$2 will not complain. But I do know, from reading these letters, that one of these young men is accused of taking two-year subscriptions for periodicals and it appears turned in one-year subscriptions, keeping the difference.

It is hard to estimate how much Clapp and Herbert and any associates they had, have cleared up in the past year, but I should think \$10,000 a conservative figure."

BERGERE WILL CASE COMES UP TOMORROW

Santa Fe, N. M., Nov. 17.—The petition of the sons and daughters of the late Mrs. Eloisa Luna de Bergerre to have her eldest daughter, Mrs. Adelina Otero de Warren, appointed trustee of the funds received from certain property and rentals under a deed of trust given to Eduardo Otero, of Los Lunas, which was scheduled to be argued before District Judge Edmund C. Abbott yesterday, has been postponed until Thursday.

Col. E. W. Dobson of Albuquerque is attorney for A. M. Bergerre in his suit against Eduardo Otero. Reed Holloway of Catron and Catron represent the petitioners.

Dr. J. E. Kraft, dentist, has returned from a visit of several weeks in Iowa.

Good Health Doubles the Value of Your Services

A half sick man is not worth half pay. A man or woman in poor health makes a poor ledger, a poor sort of a parent.

The value of persons in the home can scarcely be estimated. It depends a great deal of the common ailments. It is an excellent remedy for coughs, colds, catarrh, grip, spring fever, tired-out feelings.

Sit down and think it over. See whether you can afford to go on half sick.

Some people prefer Persona Tablets to the fluid Personas.

GAME GROWS SCARCE IN MOGOLLONS, ONCE HUNTER'S PARADISE

El Paso, Texas, Nov. 16.—Big game is getting scarce in the Mogollon country, according to John C. Dyer, who, as a member of a party of six, spent ten days in the range and who returned the latter part of last week.

The party consisted of Mr. Dyer and H. W. Broadbent of El Paso, Victor Culverhouse of the G. O. S. ranch, Percy Wilson, a lawyer of Silver City, J. H. Bartlett, manager of the Santa Rita store at Santa Rita, and Mr. Janey, superintendent of the China Copper company's mines at Hurley. The party were the guests of Mr. Culverhouse.

The hunters entered the Mogollon range from Santa Rita equipped with twenty animals and a complete camping outfit. During the ten days they circled 200 miles in the mountains. Every member of the party with the exception of Mr. Janey secured a blacktail deer.

MORE REQUESTS FOR EXCESS LEVIES ARE REFUSED BY BOARD

Santa Fe, N. M., Nov. 17.—The state tax commission has made the following additional orders in connection with the county tax levies:

Santa Fe.

Levies approved with provisos that the courthouse and jail repair levy be stricken out, and that "the total amount proposed to be levied for school bonds and interest and for school building funds should not exceed, when extended, \$1,500, so that the total levies made by the board of county commissioners shall not exceed \$121,000."—10.

Roswell.

County levies approved. Portales levies of 9 mills, although \$52,522 in excess of the 5 per cent increase, approved. Edna levy of .0015 approved.

Cerrillos.

Reductions made in the general county, general road, interest and school maintenance levies to bring the total to 8.22 mills, which will produce \$75,476.22. Special school district levies not to exceed \$2,511.44 in Lamy produced, making a total production of \$78,987.87. Clovis levy of 2.0036 approved. Texico levy cut so that production shall not exceed \$154.54.

San Juan.

General county levy of 2.2 mills above Bursum limit and reduced to 2.0275 mills. Special school levy must be reduced to 6 mills, the legal limit, and as this would produce \$22,510 against requirement of \$20,454, recommended that it be still further reduced to 4.8 mills. Request of Farmington to levy 17 mills refused, the commission pointing out that 2 mills for general town purposes is the limit fixed by the Bursum law, this limit being 6.32 mills under the levy proposed. Levy of 6.7 for interest on waterworks bonds approved. Artesia levy of 3 mills approved.

RECEIPTS DROP OFF IN CATTLE MARKET AT KANSAS CITY

Kansas City Stock Yard, Nov. 15.—Beef cattle sold 10 to 15 cents higher after Wednesday last week, but stockers and feeders quit at the low point, but with the yards pretty well headed. Receipts today are 26,000 head, a big drop from recent Monday's, killing grades steady to strong yearlings and two 10s to 25s higher, and good feeders also stronger. Buyers apparently realize that the time is short when they can get the good range cattle, and they are taking them today eagerly. A feature today was fifteen cars of Burke Burnett Panhandle feeders, which have had five pounds of cottonseed meal per day on the grass for three or four weeks, at \$1.30, 1910 price average. Another lot of 1,000 Panhandle yearlings sold at \$7.75, other good yearlings and two 10s at \$7.00 to \$7.75. Colorado yearlings and two 10s sold at \$7.10 to \$7.25, one 1,000-pound Colorado feeders at \$7.10, cows \$1.50 to \$8.00, heifers \$8.40. Short red Kansas pasture cattle sold at \$7.25 to \$8.00, which also corresponds to the heavy westerns from Montana and other western states none of which are here. Current purchases of stockers and feeders last week were 43,343 head, as compared with 26,780 same week a year ago, showing an enormous unfilled demand yet existing.

Hog sold higher after Tuesday last week, but a big run at Chicago to day caused a decline of 10c to 10c. Receipts here are 9,000 head, 100,000 lbs. bulk of sales \$6.40 to \$6.45. Both packers and order buyers paid the top price today, which means that hogs of any weight above 180 pounds are eligible to the top, if they have the quality and finish. Packers have exhibited larger capacity for supplies recently, and increasing receipts were taken care of at advancing prices last week. However, a six dollar market is still the objective of the buying side.

Sheep and lambs sold unevenly last week, but averaged steady, up 10c to 85c on Friday. Today's receipts are 11,000 head, market 10c lower due to weaker prices at Chicago and Omaha. Top lambs brought \$8.00 today, both westerns and natives, ringling that price. Fat ewes are worth \$5.25 to \$5.75, yearlings \$4.50 to \$4.75, lambs \$3.75 to \$4.25. Feeding stock is in liberal supply, but will be scarce much changed except that feeding and weaning ewes are lower. Feeding lambs sell at 75c to \$1.25, feeding yearlings \$1.50 to \$1.75, breeding ewes \$4.25 to \$5.00, breeding ewes \$4.00 to \$5.00.

J. A. HICKART, Market Correspondent.

GOOD BACKS FOR BAD.

Albuquerque Residents Are Learning How to Exchange the Old Back For a Stronger One.

Does your back ache, feel weak and painful?

Do you suffer headaches, languor and depression?

Is the urine discolored, passages irregular?

The kidneys may be calling for help.

Weak kidneys cannot do their work. Give them the help they need.

To cure a kidney backache you must cure the kidneys.

Use a tested and proven kidney remedy.

Douai's Kidney Pills have stood the test.

Convincing proof of merit in Albuquerque endorsement:

A Simpler, proprietor shoe store, 213 South Second street, Albuquerque, says: "My back was lame and I felt all tired out. Two boxes of Douai's Kidney Pills cured me and I have stayed cured."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Douai's Kidney Pills—the same that cured Mr. Simpler. Foster-Milburn Co., Props., Buffalo, N. Y.

PATTERSON SAYS CHAMPAGNE FIELD OF BATTLE SHOWS HORROR OF THE STRUGGLE

National Cash Register Head, Foreseeing Prosperity, Backs Up His Opinion With His Money.

Within Line Fifteen Miles

Long Million Men Fought Deadly Conflict; Three Million Shells Fired.

FRENCH ARTILLERY FIRE DEVASTATING

German Trenches Literally Wiped Out in Reckless Expenditure of Ammunition Which Preceded Assault.

Associated Press Correspondence, Châlons, France, Oct. 22.—There was still wreckage enough remaining on the battlefield of Champagne three weeks after the battle was fought to give some idea of the havoc of destruction when it was fresh after the advance. Within a space fifteen miles in length by from one to three in breadth at least a million men were engaged on both sides; 25,000 prisoners were taken, and at least two or three shells for every man engaged were fired.

"Now," he continued, "the boom is on. Agricultural interests are the first to feel it. The farmers have record-breaking crops, with a big demand. Confidence has been restored. Various industries have picked up, one after another. Then the stores opened, goods and factory wheels began to move. Then commerce and transportation reflected

JOHN H. PATTERSON.

the change. Finally, it was manifest in the financial world. We have plenty of money and the best banking system in the world today.

"We have three big federal organizations taking care of these various interests. First, the interstate commerce commission; then came the federal reserve commission; and finally, the federal reserve board, with its chain of reserve banks. The value of these three boards or committees to the country cannot be estimated.

"Through the aid of the reserve banks, the various banking institutions of the country began to loan money where people could not get it before. Now, with big crops and big demands, with little future competition, we are at the commencement of an era of prosperity such as this country has never seen before.

"All this great prosperity cannot come in a day. It will take time. But conditions everywhere are improving. The farmers are prosperous. The mills of Pittsburgh are busier than ever before. Railroad stocks are going up. It is only a question of a short time before the wave of prosperity will be upon us.

"Now is the time for stockholders to advertise," added Mr. Patterson. He is taking up an opinion with his mother. His company is spending more than \$2,000,000 this month for advertising. In addition, it has spent \$8,000 to have the 300 members of its selling force attend the school at Dayton for three days, where they were taught the new and up-to-date ideas for their business.

"They were trained to remain perfectly steady under torture of every description; to receive blows about the head; drums were beaten, pistols and fire-crackers were fired in their ears, flags waved before their eyes, clumsy packages, and sometimes even sheep and pigs, were thrown between their legs. None were deemed sufficiently trained until the emperor could, without the least difficulty, pull them up short at full gallop, which was his favorite pace."

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and, after another application or two your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire a youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

nearly 200 square miles and a population of 20,000, was practically devoid of drinking water, except for uncertain supplies from a few small springs. The allied troops were supplied with mineral water sent in sleds through the generosity of a French woman in Marseilles.

The British authorities promptly sent to Canada for engineers, who are now engaged in sinking artesian wells which will guarantee the people of Lemnos a reliable and abundant water supply.

MINERAL WATER FOR BRITISH SOLDIERS

London, Nov. 16.—When the first British naval forces landed at Lemnos, near the entrance of the Dardanelles, they were surprised to find that the island, which has an area of
